Sila Yahia

Junior Penetration Tester | Computer Science Student (L3)

Lille, France | 07 59 14 81 41 | silayahia7@gmail.com

LinkedIn: linkedin.com/in/0xsila | GitHub: github.com/0xsila | HackerOne: hackerone.com/0xsila | TryHackMe: tryhackme.com/p/0xsila | Portfolio: 0xsila.github.io

Seeking a 3-month internship starting April 2027 in cybersecurity, networks or systems.

SUMMARY

Third-year Computer Science student at Université de Lille, focused on penetration testing and vulnerability research. eJPT and CRTA certified. Active bug bounty hunter on HackerOne: 93 reports submitted, 25 resolved, 15 bounties awarded, 500+ reputation points. Publishes technical writeups at 0xsila.github.io.

EXPERIENCE

Bug Bounty Hunter, Independent (HackerOne) | Dec 2024 - Present

- Submitted 93 vulnerability reports to bug bounty and vulnerability disclosure programs; 25 resolved, 15 rewarded with bounties.
- Tested web applications and APIs: reconnaissance, endpoint discovery, broken access control (IDOR), mass assignment, response manipulation, OTP bypass and business logic flaws.
- Wrote public writeups on resolved findings and on CTF challenges (0xsila.github.io).

Technical Manager, Nexus Security Club | Sep 2025 - Present

- Organised cybersecurity events and CTF competitions.
- Deployed challenges and set up the technical infrastructure.
- Ran workshops and training sessions on cybersecurity and web security.

EDUCATION

Université de Lille | 2026 - Present

Bachelor's degree in Computer Science (Licence Informatique, L3)

ESTIN, Higher School of Computer Science and Technology | 2023 - 2026

Computer Science studies

CERTIFICATIONS

eJPT, eLearnSecurity Junior Penetration Tester

INE Security, June 2026. Network and web penetration testing.

CRTA, Certified Red Team Analyst

CyberWarfare Labs, 2026.

SKILLS

Security: Web application penetration testing, network penetration testing, API security, OWASP Top 10, reconnaissance, vulnerability assessment, responsible disclosure

Tools: Burp Suite, Nmap, Wireshark, Metasploit

Networks: TCP/IP, Cisco, network administration and security

Systems: Linux, Windows

Scripting: Python, Bash

CTF AUTHORING AND COMPETITIONS

- CTF challenge author: NEXZERO (2026), NEXTHUNT (2025, 4 web challenges), NEXTRACE (2025, 6 web challenges).
- Hackini 2.0 (2026): 2nd place.
- Active on Hack The Box and TryHackMe.
